TREVONE - GOODAGRANE - MABE CHURCH - TREVONE

A walk off the beaten track through farmland and granite quarry country, with several very awkward stiles.

- A** The walk starts at the entrance to Trevone Farm lane where the road bends left after **Higher Spargo Farm**, grid reference SW753 322 Turn into the lane and follow it to the end into a yard of granite houses. Go through the gate directly ahead onto a track. Bearing left follow this track on and then round to the right and into a field. Continue ahead on the clearly defined track across the field up hill, crossing a stream, to a farm lane. Turn right along this lane to pass **Goodagrane Farm**.
- B** Bear left immediately after the farm buildings onto a concrete path. After a few yards look for a high stile in the wall on your right. Go over the stile into a hedged lane. This can be very muddy. At the top of the lane go through the right hand gate into a field. Follow the left hedge to a stile into a field on the left. Follow the right hedge for two fields, over a stile in the corner and into an unmade lane.
- C** Turn right down the lane which can be very wet after heavy rain and follow it to the end where it goes into a field. Cross the field diagonally down to the left, in line with a building on the skyline, to a stile onto the hedge. Go over the stile and turn right following the right hedge down to a granite stile over a stream. Turn left and follow the path on up through a wooded area bearing right and then left onto a quarry road. Follow the road uphill to where a track joins it from the right opposite a metal gate and concrete buildings.
- D** Turn right along this track, take the left fork and keep on this track for three hundred yards, ignoring any paths off to the right. Take the next way-marked path off to the left down to two stiles. Go over the stile on the right into a field, cross it down to the left hand corner and go through the gateway into the next field.
- E** Now follow the left hedge and over a stile in the corner into the next field. Continue along the left hedge to a stile on your left mid way along the field. Cross this stile and continue across the field to the corner to the left of the trees. Here a stile takes you up onto a hedge. Follow the elevated path beside the **Old Vicarage** then down the drive to the road opposite the church car park. Turn right back to your starting point.
